To Whom It May Concern:

Re: Frank X Spencer and Associates, Inc

Dear Sirs:

It has been my pleasure to work with Victor Enciso of Frank Spencer civil engineers on several projects over the past few years. I have always found them to be creative and competent engineers. They have broad experience. They are cooperative and flexible when solving the problems that inevitably come up on a job site.

Victor and his capable staff are good to work with. They meet their deadlines and coordinate well with our architects and other consultants. I am pleased to recommend them as good honest and competent civil engineers.

Please feel free to contact me should you need any further information.

Sincerely,

Geoffrey Wright
